GEM ELECTRIC CO. IS UNFAIR TO THE ELECTRICAL WORKERS.

"PATRONIZE FAIR FOLKS."
 The above card attacking the Gem Electric Co. is being distributed around the city, but by whom? If the Electrical Workers' union gave their sanction why do they not sign this card? The Gem Electric Co. was the first to pay the electrical workers \$4 per day and it was not a question of wages that caused the walkout. I want to inform the public that I intend to stay business as usual. We are only charging 45c per hour for first class work. References, anyone in El Paso.

THE PRICE YOU PAY FOR YOUR GLASSES.

Is no evidence that they are correct. The most inexperienced opticians always charge the highest prices, because they never expect you to call but once. Capable opticians always charge fair prices and guarantee their work, and their patients are sure to call again. Inquire of any of my patients and see what they will tell you; I have had 28 years' experience making glasses right.

JOHNSON PUTS IN

San Francisco, Cal., June 1.—This morning day for Johnson and he gave his sparring partners strenuous times during the afternoon. In the morning he did his usual road work, but took it easier than usual, saving himself for this afternoon's sparring.

Kaiser's Son To Begin Civil Duties

Berlin, June 1.—Prince August Wilhelm, of Prussia, the Kaiser's fourth son, who is destined to carve out a career in civil life, will shortly take over an important executive position in the administration of the province of Posen or the vicerealty of Alsace-Lorraine. The prince, who won the title of "doctor" in brilliantly successful university examinations, is meantime being put through the paces of civil administration at Potsdam. He is serious and studious, and is said to have developed genuine executive talent, as distinguished from the purely military bent of Hohenzollern princes.
